This weekend should be a fun one on the BA/GB net. If you have any of the following rigs try to use them on the following schedule, although no BA/GB rigs will be refused....(:+}}.....

QTR 0000/0100/0200	QRG 7025
QTR 0300/0400/0500/0600	QRG 3579.545

Friday night is arcus fivus night.

Saturday night is BC-191/BC-375 night.

Sunday night is Homebrew night.

Monday night is Heathkit night.

Tuesday night through Thursday nights --- anything BA/GB nights.

See you there.

73/ZUT DE NA4G/Bob

I recently bought a box of tubes which included an interesting mix of old and new stuff. After picking out the one I wanted to keep, I am left with about 50 or so tubes, mostly compactrons. If any one is willing to pay the postage from California, they are yours.

Please beware that most of these tubes look to be pulls but, some are NOS. There are some sweep tubes in the lot that make the deal more interesting including 4, 6SJ6C and 2, 6JM6A. If I had a tester that took compactrons I would test them but, not such luck.

By the way, a few days ago I sent a posting to GB but didn't receive a copy of my post back. Has there been any problems with the GB server or has AOL been eating my mail?

73's, Eric WD6DGX

I still have the following dials. These are all old old and great for restoring radios from the 20s:

1. 3" bakelite dial - marked BB - graduated 0-100
2. 3" bakelite dial - no markings - circa 1920
3. 2 3/4" ditto
4. 4 x 3 1/4" Atwater Kent Brown dials from the 20s battery sets
5. 2 x 3" black bakelite graduated 0-100
6. 3" black bakelite AM Co Sheffield Mass 3003-4 graduated 0-100
7. 4" black bakelite with 2" knob graduated 0-100
8. ditto but marked PILOT
9. 2 1/2" black pointer knob
10. National Vernier Dial type B. Unused. Probably circa 1922
12. Vernier dial by Pat Pending 1922. Looks like National dial on the SW-3 but nicer actually. Very smooth vernier.
13. Univernier 2 1/4" vernier pointer knob. In original box but scale missing.

I would prefer to sell this as one lot. Anyone interested please respond to
dmedley@ix.netcom.com
